Contents

54 cards in total:

28 picture cards
(26 + 2 old maids)

26 written-word cards

1 Color-specific
Go Fish assist sheet

1 ^I _{THINK} guide.

This game was made for the new (and young) reader in mind, as learning to read can be a daunting task. It was created with the belief that anything that makes skill development easier, more manageable, and more enjoyable can preserve the natural interest and curiosity for learning -and thus is worth pursuing.

This specific version was designed to practice reading and develop word/phonic recognition using three-letter words that are phonetically regular. More versions are coming soon, please check kirishimacreations.com for new Go Fish Plus™ versions and other skill-based games and materials from Kirishima Creations™.

Level of game difficulty for new readers

*(I don't think so™ is not included in this list, as it is designed for ages 13+)

0- picture card Karuta/Concentration/Bingo/Bongo (no reading required, unless using written-form cards to call)

1- Old Maid (players can use numbers in upper left corner to match pairs)

2- Concentration (using all cards) – (again, players can use numbers in upper left corner to confirm pairs)

3- Color-specific Go Fish (players can use specific colors and the assist sheet to locate and read cards)

4- Classic Go Fish (more cards to scan/read makes more challenging for reader)

5- written-form card Karuta/Concentration/Bingo/Bongo (all written-form cards are face up on table, giving the highest challenge.)
